

# CITRUS SEASIDE SOIREE

*A fresh, coastal celebration infused with vibrant citrus tones and romantic beach charm. Set beneath glowing bistro lights, the long tables are dressed in breezy sky-blue linens, creating a crisp contrast to bold floral arrangements bursting with coral peonies, white poppies, hot pink ranunculus, and blush roses. Juicy accents of sliced grapefruit, tangerines, papaya, and dragon fruits add a playful and organic touch, tying in the theme of abundance and joy. Woven chargers, delicate china with soft green toile, and polished gold flatware layer textures and elegance, while a single hand-painted oyster shell atop each plate speaks to the coastal locale. This tablescape evokes a refined yet relaxed energy—perfect for a seaside wedding or a sun-drenched summer soirée.*
